

## Washington State Basic Education for Adults

EMAIL (ESL - English):

SUBJECT LINE: It's ESL... accelerated.

### **A more powerful way to learn English? You've got it.**

More than ever, in the workplace and in the world, English language skills are *essential*. For many students, English as a Second Language (ESL) classes are the *first step* on the road to academic and career success.

We invite you to take our fast, flexible ESL classes, starting soon at your local community or technical college. With online and in-person classes available, you'll learn language skills for *life*, with opportunities to integrate practical job training through the I-DEA program.

*What makes our program unique?*

- **It's fast...** Access short-term ESL classes focusing on the language skills you need most.
- **It's flexible...** Connect to instruction and support, online and in-person.
- **It's future-focused...** Don't just learn English... *experience* it through career-focused programs
- 

It's time to start communicating with *confidence*. Join us for convenient ESL classes, starting soon!
